# US Army Special Operations

1-3 November 2006

Fort Bragg, North Carolina, USA

**Any mission, any obstacle, anytime.** That's the motto of the Special Forces. Through very special arrangements made by your host **Tom Arthur**, CEO's latest Inside Look explores how this dedication plays out in teamwork, technology and training. Your training grounds are Fort Bragg, one of the largest and busiest military complexes in the world, and home to the US Army's Special Operations Command.

- Observe the invisible, deadly snipers of the Special Operations forces.
- Fire some small-arms at the Top Gun Range.
- Enter the vertical wind tunnel and observe the Black Daggers precision freefall team.
- Inspect weapons, communication, engineering and medical equipment with Green Berets.
- Spend one-on-one time with Green Berets and others who will explain the work they do and the tools they have at their disposal.

This opportunity is very unusual and sure to impress. Because of its intimate and exclusive nature, it is limited to 20 participants only.

**This event is waitlisted.**

Registration is now open. For information, visit [www.ceo.org](http://www.ceo.org) or contact CEO Events Service Specialist Lauren Smith at 301.280.2566 or [lsmith@ceo.org](mailto:lsmith@ceo.org).
