Tired of non-writing? Emoticons?

*Real communication uses real words,
even in a digital world.*

Stories, newsletters, e-letters, news releases, white papers, web content, social media, mail campaigns, e-zines, grant proposals, ads and MM (much more)!

Only an experienced writer can:

- Write a story that engages readers
- Create effective content and consistent messaging
- Understand the differences in writing for print, web, social media, and email campaigns
- Advise you on the best way to get your message across verbally and in writing

Call, email, or text me. I'll show you how I can be of help!

TYVM (Thank you very much),

Wendy Healy
